

# **Addendum to the Queensland Studies Authority *Annual Report 2009–10***

## **Compliance with *Carers (Recognition) Act 2008***

Through its Strategic Management Committee, Queensland Studies Authority (QSA) employees have been made aware of their responsibilities and entitlements under the *Carers (Recognition) Act 2008*.

A range of the QSA's human resources policies and procedures, including flexible working arrangements, leave provisions and complaints resolution processes, are relevant to and support the needs of staff who are carers and the persons they care for.

Information about these policies and procedures is accessible via the QSA Human Resources Unit, staff induction process and QSA intranet.
