

A QSA conference

VISION TO REALITY

Queensland's new education landscape

27–29 April 2011 • Brisbane

QSA CONFERENCE

10 REASONS WHY YOUR SCHOOL SHOULD BE REPRESENTED

1. Networking and professional development

Vision to Reality is the largest professional development and networking event for 2011, open to all State, Catholic and Independent school staff, especially heads of department and heads of curriculum.

2. Australian Curriculum sessions

More than 30 sessions support the transition to the Australian Curriculum with a focus on teaching skills and disciplinary knowledge. Content is over and above that being offered at QSA's current Australian Curriculum workshops which focus on curriculum planning only.

3. Leadership success

A Leadership in Education Forum assists principals and deputy principals to motivate and support teachers to improve their curriculum development skills and approaches to pedagogy. Most schools will be represented at this forum.

4. Multiple themes

More than 100 sessions cover assessment literacy, NAPLAN, use of data, quality teaching, social media, kindergarten and early childhood, special education, ICTs, VET, Indigenous education, finance and more.

5. Keynote addresses

US academic Linda Darling-Hammond and UK curriculum guru Mick Waters share insights from their extensive research and experience in education. Australian actor William McInnes entertains.

6. Hands-on learning

Technology labs support hands-on learning at 17 interactive sessions where each participant is supplied with a laptop computer.

7. Meet CPD requirements

Attending the conference contributes to meeting the continuing professional development required to renew registration with the Queensland College of Teachers.

8. Value for money

At less than \$800 for three days, Vision to Reality is the best value for money on the education calendar.

9. Education resource showcase

Trade displays and presentations allow participants to discover and explore the latest education resources and products.

10. Outstanding venue

Brisbane Convention & Exhibition Centre is Queensland's state of the art venue for major events, conveniently located in the city's leading cultural and entertainment precinct.
